Terms & Conditions – Engaging with Anodiam's MVP Offer

Exclusive, limited time offer for UNSW Founders.

Principle: You take zero financial risk. You scale only when your business and funding justify it.

Phase 1 – Free MVP (Validation Phase)

Commercial Value: Minimum **USD $60,000 equivalent — provided free**.

- Scope strictly limited to core, monetisation-ready features (no wish-lists or nice-to-haves).
- Delivered by senior-led teams of professional interns.
- Time-boxed up to ~6 person-months, using iterative agile cycles.
- Focused on validating product-market fit, user traction, and investor readiness.
- You retain full IP ownership of what is built for your business.
- Anodiam may reference the project at a high level as a case study (no sensitive or confidential data disclosed).
- Only developer fee is free. Cloud-infra, third party SaaS-API, licensing fees, domain registration etc. not included in free offer. Anodiam may use, non-premium services at minimal cost.
- No financial obligation to continue with Anodiam beyond Phase 1.

Phase 2 – Pre-Funding / Pre-Production Support

If further support is required before funding or production release:

- Nominal offshore rate: **$10/hour or lower.**
- Engagement continues until funding or production release (whichever occurs first).
- Minimum billing commitment: **$1,000.**
- Scope and tasks agreed in writing before commencement.
- No financial obligation to continue with Anodiam beyond Phase 2.

Phase 3 – Post-Funding / Go-Live Phase

- Paid engagement begins only if you see clear value and ROI.
- Offshore developer rates start from **$20/hour**.
- Senior onsite consultants may exceed **$100/hour** (typically part-time: 10–20 hrs/week).
- Final rates and scope to be formalised in a separate commercial agreement:
    - Statement of Work (SOW), or
    - Master Services Agreement (MSA)
